NEW BOOK BY ‘AMERICA’S ANIMAL COMMUNICATOR’ DETAILS UNIQUE THOUGHTS, MESSAGES FROM THE CREATURES WE LOVE

With a long record of amazing cases, Karen Anderson, known as “America’s Animal Communicator,” takes her work to the next level with the release of her first book, *Hear All Creatures! The Journey of an Animal Communicator*.

The 120-page book, released by New River Press in November 2007, details the work and methods of the Elk, Washington-based psychic with the lifelong ability to communicate with dogs, cats, birds, horses, reptiles and even fish. The often heart-tugging cases involve sick animals, lost pets, runaways, animals that have died, and sometimes those that just want to communicate better with their humans.

Benefitting the most are often the humans themselves, after Karen Anderson helps them understand and connect with their own pets.

Ms. Anderson is in demand not only for private consultation but as a popular international speaker and talk-show guest.

Hear All Creatures! The Journey of an Animal Communicator retails for \$14.95US, \$15.95CDN and is available from Baker & Taylor Books and Ingram Book Co.
